

COMPANY OVERVIEW

Certified Organic Direct is a comprehensive sourcing partner specializing in organic, vegan, non-GMO, gluten-free, and other natural ingredients, along with conventional options. The company is renowned for its ability to secure reduced pricing through direct delivery, ensuring that production deadlines are consistently met. Certified Organic Direct stands ready to expand its service offerings to the government contracting sector with its extensive industry expertise and reliable supply chain solutions. Our mission is to offer clean-label products that nourish both people and the planet.

CAPABILITIES

Certified Organic Direct provides a reliable and flexible supply of natural, clean label ingredients and pantry staples in bulk sizes tailored to large-scale production needs. The company routinely delivers non-GMO ingredients including cornstarch, various cane sugars, various flours, and essential baking ingredients, as well as large volumes of fruit concentrates and purees, scrambled eggs, proteins, bulk cheeses, and specialized starches. They also provide EVOO, Canola, Sunflower, Soybean and other cooking oils. Their sourcing capabilities extend to hard-to-find or seasonal ingredients as well as a variety of IQF fruits and vegetables. Additionally, Certified Organic Direct offers co-packing services for finished products including entrees, appetizers, chips, bakery items, sauces, dressings and beverages, making them a comprehensive partner for streamlined ingredient procurement and product manufacturing.
